I understand that all swim sessions will be supervised by a trained staff member where they will engage your pet in a play swim. Each swim is different per pet and may include such activities as jumping, diving, swimming, and floating and/or toy retrieval. However, before any exercises begin, all dogs must undergo an initial introductory swim training session (whether they know how to swim or not) in which he/she will be fitted with a life jacket flotation device to ensure safety and be introduced to our pool and equipment. Your dog will be taught how to enter and exit the pool safely first before beginning any type of play time. This will also allow us to determine your dog's fitness level so that we can provide the safest, most effective swim time for him/her.

Although our warm water pool provides a soothing effect, improves circulation and encourages greater mobility and range of motion in sore, stiff and arthritic joints than higher impact movement on the ground, I understand that accidents can happen. By signing this waiver, I agree to not hold Southern Kingdom / Camelot K9 and/or its employees accountable for any injury that may occur as a result of pool activity. I hereby fully and forever release, waives, discharges and covenants not to sue Southern Kingdom and its employees from any claims, demands, damages, rights of action or causes of action present or future, whether the same be known or unknown, anticipated or unanticipated, resulting from or arising out of my use or intended use of the pool and premises. I fully and forever release and discharge Southern Kingdom / Camelot K9 and its employees from any and all negligent acts and omissions in the same.

I understand all of the following rules, procedures and policies and will hereby fully and forever follow all instructions by Southern Kingdom / Camelot K9 in order to use the dock diving pool.
